Sun., June 15 th .	Weavers (Maj)	S & W (Min)	Lobar (Min)	N/A

Notes:

- Duty weeks start on Sunday. It is expected that the teams coming to play on Monday will find fields lined (outfield only, painted lines), trash emptied, dugouts clean, and equipment rooms cleaned and in order.
- After the first round week of assignments are completed the upkeep with these items should be relatively easy but very much still needed.
- Maintenance items are as follows:
 Outfield lines are freshly painted
 Trash cans are emptied. When in doubt, throw it out and put a new liner in.
 Dugouts are clean.
 Base paths are edged and neatly defined.
 Coaches boxes are edged.
 Pitching mounds (including practice mounds) are watered and properly raked.
 Equipment room is swept and organized.
 On field, break away base, honey combed receivers are cleaned.
 Safety kit is checked for ice bags.
- For equipment issues found deficient please contact our equipment officer, Barry Horvath
- For safety issues found deficient i.e. lack of ice packs, poor or unsafe field conditions, please contact our safety officer, Rob Heisey.
- For general maintenance deficiencies found please contact our maintenance director, Kevin Zinn.
